DERMATOLOGY AND SKIN CARE

AN EXCITING OPPORTUNITY!

CLINICAL TRIALS

We are currently conducting several **clinical trials** in the office and especially looking for **male and skin of color** patients.

Specifically, we are seeking participants experiencing **acne on the back and/or buttocks**.

We are also looking for individuals with loose skin on the face and neck for a study on **skin tightening**.

Please reach out to us at **clinicaltrials@janeyoomd.com**

FIND OUT WHAT I'VE BEEN UP TO!

LOBBYING CONGRESS FOR

SUNSCREEN FILTERS

Earlier this month, I had the privilege of speaking to members of Congress about the important of sunscreen innovation for Safer UNDER THE SUN Day in Washington DC.

Additionally, as a member of the Skin Cancer Foundation's Photobiology Committee, I am responsible for giving the seal of recommendation to sunscreen companies by reviewing their applications and making sure that they uphold the rigorous standards of the Skin Cancer Foundation.

INTERNATIONAL WEBINAR

Expert Insights on Sun Protection and Skin Cancer Awareness for All Skin Types

I recently led a webinar where I discussed modern sun protection strategies and differentiated between various types of skin cancer! We explored how skin color can affect disease presentation and debunked common myths about sun protection.

CONFERENCE TRAVELING!

Bangkok, Thailand

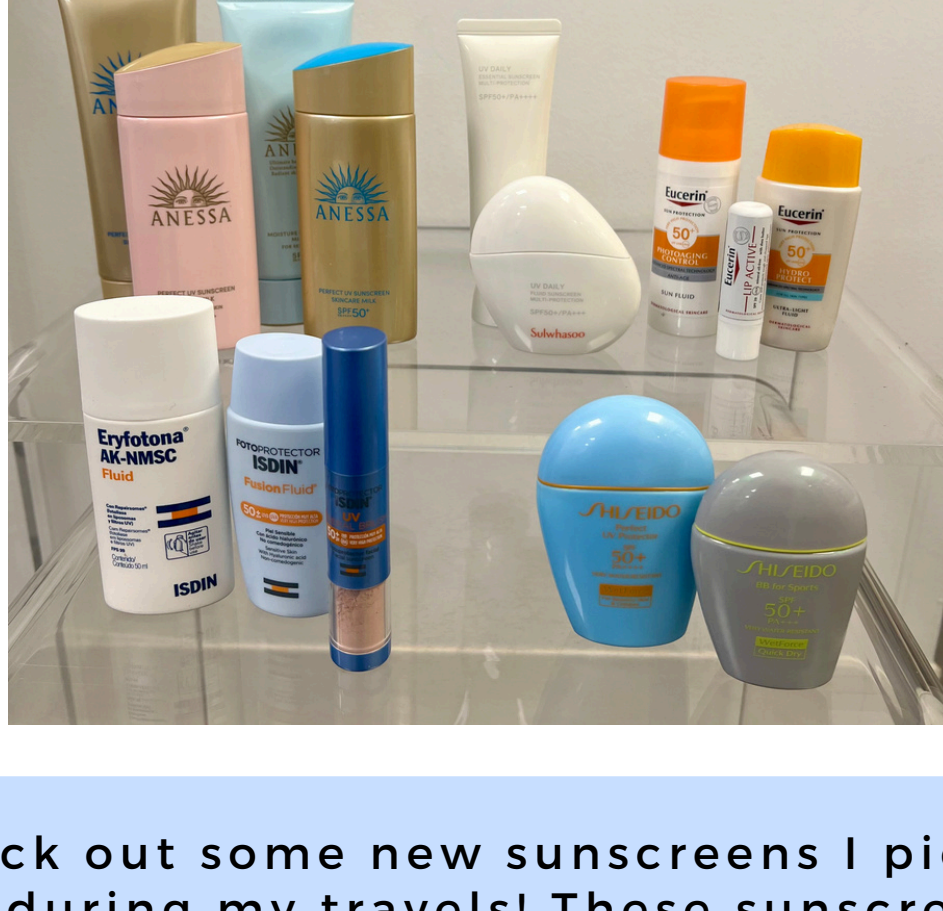

At IMCAS Asia 2024 conference, I chaired the AI panel as well as a multi-disciplinary panel on dermal fillers. I also gave talks on exosomes and Kbeauty!

Singapore

There is nothing like having a Singapore Sling in the infinity pool and experiencing the infamous chili crab!

Hong Kong

I shadowed renowned laser expert, Dr. Henry Chan. We have been working together with a startup company to develop the next generation laser technology.

Check out some new sunscreens I picked up during my travels! These sunscreens are not available in the United States due to restrictions on new sunscreen filters. This is why it is so important to advocate for more modern and effective sunscreen options in the U.S!
