FACE CONFERENCE IN LONDON

I'm thrilled to share that I recently presented at the FACE Conference in London on the exciting topic of how AI is transforming aesthetic practices. It was an incredible opportunity to delve into the ways AI can revolutionize our field in aesthetic medicine. Connecting with leading experts and innovators was truly inspiring, and I'm eager to bring these insights into practice!

ALLERGAN AD BOARD VOLUMA

Exciting news! Allergan Aesthetics has announced that the FDA has approved JUVÉDERM® VOLUMA® XC for injection in the temple area to treat moderate to severe temple hollowing. This is the only hyaluronic acid (HA) filler approved for this purpose. As a member of Allergan's advisory board, I'm actively involved in ensuring the safe and effective use of this innovative treatment. Stay tuned to see how this new option might benefit you!

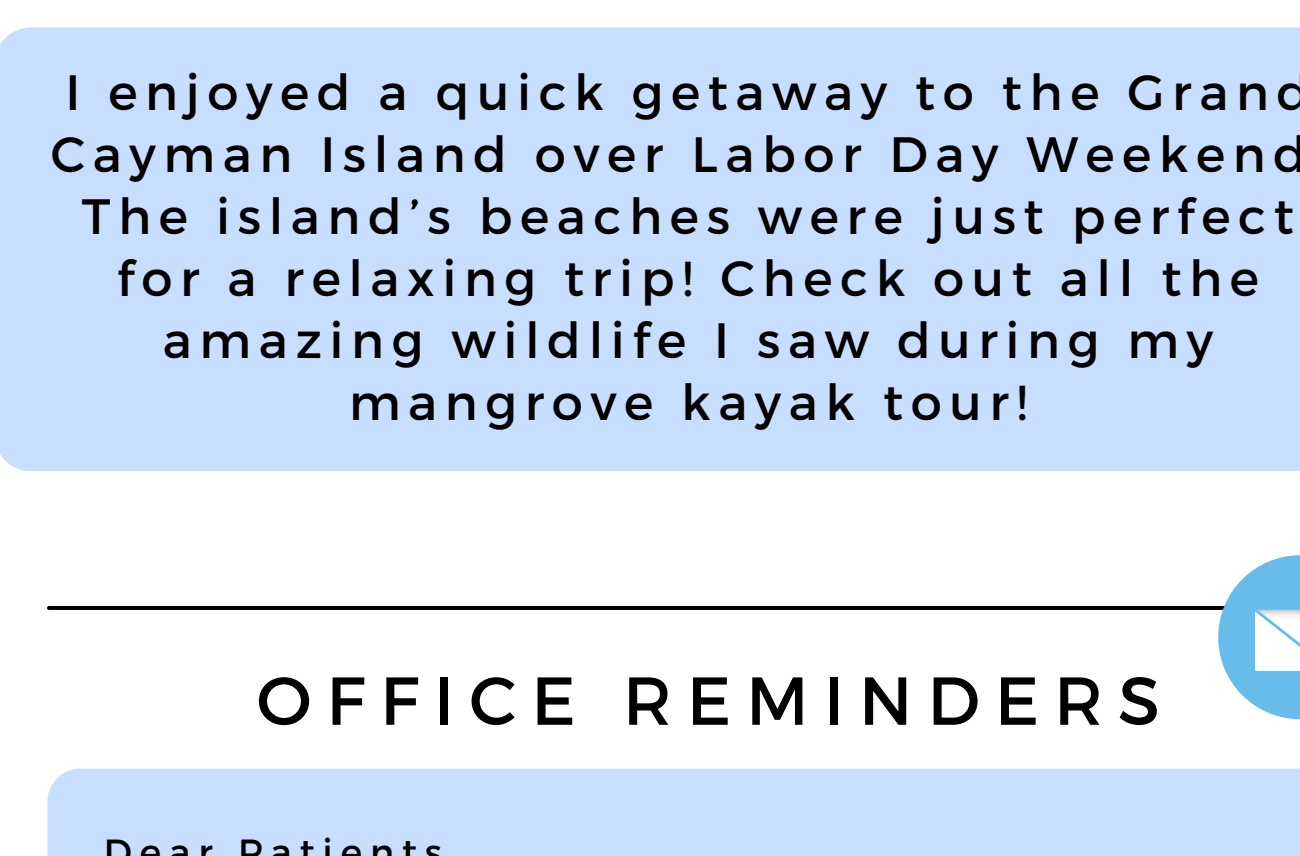

STAY SKIN-SMART DURING MARATHON TRAINING!

If you've seen the running groups out in Central Park, you know it is fall marathon training season! I'm gearing up for the Berlin Marathon, where I hope to receive my 6th star medal! Remember, whether you're a seasoned runner or just starting out, taking care of your skin is crucial. Protect yourself from the sun (I love using my stick sunscreen to reapply on the go!), apply Vaseline/Aquaphor in areas of chafing, and stay hydrated. Let's keep those miles and your skin in top shape!

GLOBAL COSMETIC SURGERY HAIR TALKS

I'm excited to have participated as a faculty member in Global Cosmetic Surgery's™ HairTalks™ series, focusing on the latest in trichology. I presented on "Exosome Therapy in Hair Regeneration," joining leading experts to share advancements in hair care. HairTalks™ continues to be a valuable platform for innovative global discussions!

GRAND CAYMAN ISLAND!

I enjoyed a quick getaway to the Grand Cayman Island over Labor Day Weekend! The island's beaches were just perfect for a relaxing trip! Check out all the amazing wildlife I saw during my mangrove kayak tour!
