THE LATEST FROM DR. YOO REGARDING DERMATOLOGY AND SKIN CARE

VALENTINE'S DAY DEAL!

Don't be afraid to show off your skin this Valentine's Day...

This month our office is offering special deals on all treatments with Vbeam Prima!

CONTACT OUR OFFICE TO LEARN MORE DETAILS ABOUT THIS OFFER

WHAT IS VBEAM PRIMA?

In case you're not familiar, **Vbeam Prima** is a type of pulsed-dye laser (PDL) that treats skin issues related to redness and blood vessels.

Whether you have rosacea, spider veins, or hyperpigmented scars, a Vbeam laser is a great treatment option. PDL treatment has been shown to have high patient tolerability and a low incidence of side effects.

PDL is designed to treat all of the following:

- Rosacea
- Port wine stains
- Facial and leg telangiectasia
- Cherry angiomas
- Deep blue veins and venous lakes
- Pigmented scars
- & more!

COME IN FOR A CONSULTATION!

Laser treatments should be administered by a trained dermatologist to safely and effectively achieve desired results!

When choosing a clinician, make sure you choose someone who is board-certified in dermatology and has extensive experience with laser treatments. Dr. Yoo will be able to choose the best laser and treatment course of action for your personal skin type and needs.

Make an appointment today for a cosmetic consultation to learn more about laser treatments and others procedures available at our office!

BOOK YOUR ANNUAL SKIN SCREENING

As always, make sure you are up-to-date with your yearly skin check up. Have your skin examined head-to-toe in order to find and monitor any unusual spots. It is especially important to screen suspicious moles and changes to the skin to evaluate risk for skin cancer. Call us to schedule!
