THE LATEST FROM DR. YOO REGARDING DERMATOLOGY AND SKIN CARE

SKIN CANCER AWARENESS MONTH

May is **Skin Cancer Awareness Month**!

Contact our office to make an appointment for your annual skin screening

Today, the first Monday of the month, is also **Melanoma Monday.**

WHAT IS MELANOMA?

Melanoma is the deadliest type of skin cancer. Early detection and sun protection habits are key to preventing melanoma.

Skin cancer is the most common cancer in America, but also one of the most preventable. Remember, people of all skin tones can get skin cancer!

CHECK OUT PETER'S STORY

Find out what happened to Peter when he stepped inside the The Skin Cancer Foundation's Destination Healthy Skin RV and received a skin cancer screening from Dr. Yoo.

BOOK YOUR ANNUAL SKIN SCREENING

As always, make sure you are up-to-date with your yearly skin check up. Have your skin examined head-to-toe in order to find and monitor any unusual spots. It is especially important to screen suspicious moles and changes to the skin to evaluate risk for skin cancer.

Call us at (646) 844-0424 or click on the link below to schedule now!

SCHEDULE NOW!

SKIN PROTECTION HABITS

- Use broad-spectrum sunscreen with SPF 30 or higher every day
- Reapply your sunscreen every 2 hours!
- Seek the shade, especially between 10 AM and 4 PM when the sun's rays are strongest.
- Wear sun protective clothing including long sleeves, wide-brimmed hats, and sunglasses!
